

ROOM STATIC PRESSURE SENSOR RST-5

GENERAL DESCRIPTION

RST-5 is designed to provide a convenient method of surface mounting onto a wall or ceiling. Accurate space pressure measurements are accomplished employing a sintered stainless steel muffler which filters out noise associated with air movements common to high air change rate applications. Installation is made easy using a standard single gang stainless steel cover plate. Piping is attached to a supplied 1/4" barbed brass fitting.

SPECIFICATIONS

MODEL NO.: RST-5
DIMENSIONS: W=2.75", L=4.5", H=2.5"
WEIGHT: 2.5 OZ.
Part number: 076472-05
